## OVERVIEW

Do you treat patients with thyroid eye disease (TED)? During this CME breakfast symposium, experts will evaluate tools for differential diagnosis, assess real-world evidence for the safety and efficacy of available therapies, and present multidisciplinary approaches to improve the management of patients with TED.

## LEARNING OBJECTIVES

Upon successful completion of this activity, participants should be better able to:

- Examine practices and procedures that aid in the differential diagnosis of TED.
- Summarize multidisciplinary approaches that improve the management of TED.
- Evaluate real-world clinical evidence regarding the safety and efficacy of therapies used in the treatment of TED.

## TARGET AUDIENCE

The intended audience for this activity includes comprehensive ophthalmologists and other healthcare professionals involved in the management of patients with TED.
